Transport infrastructure

Sandy beach

2110 Embryonic shifting dunes

2120 Shifting dunes along the shoreline with Ammophila arenaria

2180 Wooded dunes

2180 Wooded dunes and 9010* Western taiga

Sum of average values of ecosystem service categories

0.0 - 1.0

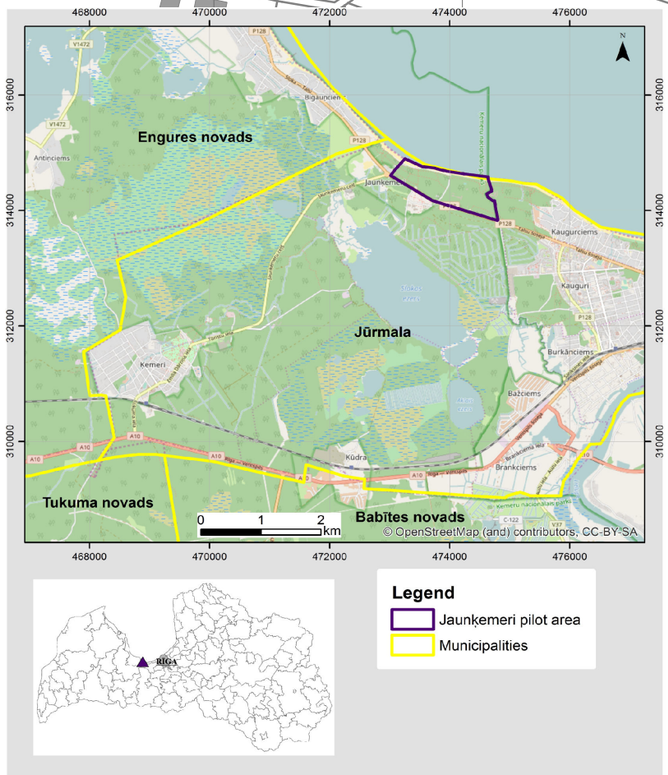
1.1 - 2.0

2.1 - 3.0

3.1 - 4.0

4.1 - 5.0

5.1 - 6.0



Map is prepared in the framework of LIFE13 ENV/LV/000839 project "Assessment of ecosystems and their services for nature biodiversity conservation and management" (*LIFE EcosystemServices*) with the financial support of European Union LIFE+ programme and Latvian Environmental Protection Fund.

The map is linked to Latvian coordinate system (LKS 92 TM).
Basemap is prepared using database of Topographic map of third coverage in scale 1: 10 000 and database of GIS Latvia 10.2.
